

The Maneuver Support Center Safety Office wants to remind all personnel that with fall and winter temperatures approaching quickly, there are several things to remember:

Winter Driving Hazards

Ice, frost, snow, and sleet on bridges and overpasses
Poorly marked state and county highways
Drifting snow
Poor visibility
Carbon monoxide
Poor traction
High water at river crossings

POV Winter driving checklist

Ice scraper
Exhaust system tight
Antifreeze
Check all fluid levels
Battery charged
Map
Lights operational and clean
Properly inflated tires, with sufficient tread
Heater/defroster working properly
Brakes checked for wear
Windshield and mirrors clean and serviceable

Winter Survival Kit

Flashlight
Non-perishable food items
Shovel
Blanket
Warm Clothes
Water
Jumper Cables
Tire Chains
Tow Rope
Bag of kitty litter/sand

Vehicle Occupant Safety

Seatbelts properly worn by all passengers
Use of approved child safety seats
Infants not seated in front seats of vehicles with passenger air bags
